

# WORLD PHOTODERMATOLOGY DAY

**BUENOS AIRES – SUNDAY, SEPTEMBER 30<sup>th</sup> 2007**  
**(Room Retiro C, Buenos Aires Sheraton Hotel & Convention Center,**  
**San Martin 1225, Buenos Aires)**

Chairs: R. Roelandts (Belgium), D.H. Suh (Korea), M. Zanolli (USA)

09h00 – 09h15: The ozone layer and its influence on biological systems J. Honeyman (Chili)

09h15 – 09h30: Thermal skin aging: effects of infrared rays and heat J.H. Chung (Korea)

09h30 – 09h45: Photoprotection in the US, 2007 H. Lim (USA)

09h45 – 10h00: Discussion

Chairs: G. Leone (Italy), W. Morison (USA), C. Nishigori (Japan)

10h00 – 10h15: Relevance to the UV wavelength in carcinogenesis C. Nishigori (Japan)

10h15 – 10h30: DNA repair enzyme update D. Yarosh (USA)

10h30 – 10h45: New model mice of malignant melanoma with epidermal melanocytes  
defective in nucleotide excision repair H. Okamoto (Japan)

10h45 – 11h00: Discussion

11h00 – 11h30: Coffee Break

Chairs: L.R. Braathen (Switzerland), C.A. Morton (UK), R.M. Szeimies (Germany)

11h30 – 11h45: International guidelines for the use of PDT in dermatooncology  
L. Braathen (Switzerland)

11h45 – 12h00: PDT – Side effects and management P. Lehmann (Germany)

12h00 – 12h15: PDT for condyloma acuminata X. Wang (China)

12h15 – 12h30: Discussion

12h30 – 13h45: Lunch Break

Chairs: P. Cruz (USA), K. Hanada (Japan), R. Knobler (Austria)

13h45 – 14h00: Ferrochelatase mutations in Japanese patients with erythropoietic protoporphyria: high frequency of the splice site modulator IVS3-48C polymorphism in the Japanese population S. Minakawa (Japan)

14h00 – 14h15: Actinic prurigo M. Valbuena (Colombia)

14h15 – 14h30: Chronic actinic dermatitis Ki Ho Kim (Korea)

14h30 – 14h45: Discussion

Chairs: T. Cestari (Brazil), T. Horio (Japan), P. Thomas (France)

14h45 – 15h00: Polymorphic light eruption J.C. Medina (Bolivia)

15h00 – 15h15: Vitamin D and photosensitivity G. Murphy (Ireland)

15h15 – 15h30: Photoeducation programs in South America T. Cestari (Brazil)

15h30 – 15h45: Discussion

Chairs: J. Honeyman (Chile), H. Hönigsmann (Austria), H. Lim (USA)

15h45 – 16h00: A critical update: emerging clinical capabilities of lasers in dermatology R. Anderson (USA)

16h00 – 16h15: Optimal phototherapy for common skin diseases J. Hawk (UK)

16h15 – 16h30: Solar radiation. There is more than UV J. Krutmann (Germany)

16h30 – 16h45: Discussion
